## Invitation to Business Forum: “Strategic Asian Partnerships”

**Wednesday 23 August 2017, 10:30-12:45, Asia House**

How can Denmark seize the dynamics in Asia? And how do Danish companies take advantage of the Danish government collaboration with the strategic partner countries in Asia?

This seminar, co-hosted by Asia House and the Ministry of Foreign Affairs, will give you an insight into how the Ambassadors of Denmark in Beijing, Seoul, and Hanoi assess the strategic partnerships between Denmark and their host country. They will share their experiences of how these partnerships can benefit Danish companies, depending on the local context, the historical conditions, and the interest from the business and political sector.
