## The Future of Globalization

Today, voters in the UK will decide who will take on the daunting task of [negotiating Britain's exit](#) from the European Union. Yesterday in Paris, Denmark's Prime Minister Lars Løkke Rasmussen [chaired](#) the OECD Annual Ministerial Meeting focused on "[Bridging Divides](#)". OECD Chief Economist Catherine Mann summarized the global economic forecast as [Better but Not Good Enough](#). 2017 is, indeed, a [remarkable year](#) - the [agenda of this year's Bilderberg meeting](#), held in Virginia, USA last week, very succinctly summarizes the key topics to consider.

In May and June, Asia House has hosted a wide range of seminars and events to give our partners and members the possibility of building knowledge and enlarging their network, aiming at "bridging divides". Some things do not change: Asia House is yours to use – check out this [updated list](#) of our facilities and meeting rooms.
